A 12 page bonanza of babes,
bikinis and big, beautiful boobs!

We like to think we know our Nuts, but quite well. We know they all have amazing boobs, naughty laughs and a bizarre addiction to Haribo, for example! What we also know is that they work blooming hard to look so fit, so we thought it was only fair to send them off to have some fun. And luckily, we've got pics of them doing just that! ➡

LINDSEY

STRUTT

Hi Lindsey! Where's your favourite holiday destination?

Anywhere with a nice beach, good bars, hot weather and a really good atmosphere. Anywhere like that will do me just fine.

Where's the best place to get busy abroad? The beach is always a good one. Or somewhere random in the hotel, so you can be rebellious. Then you can walk past the next day and laugh about it! Ha-ha!

Do you sunbathe topless? Yeah, when I can. I've never gone topless on a British beach, though, because I've never been to one because we get such awful weather!

Have you ever sunburned your boobs? Yes, loads. And they have to sit in a bra after, so it's not much fun!

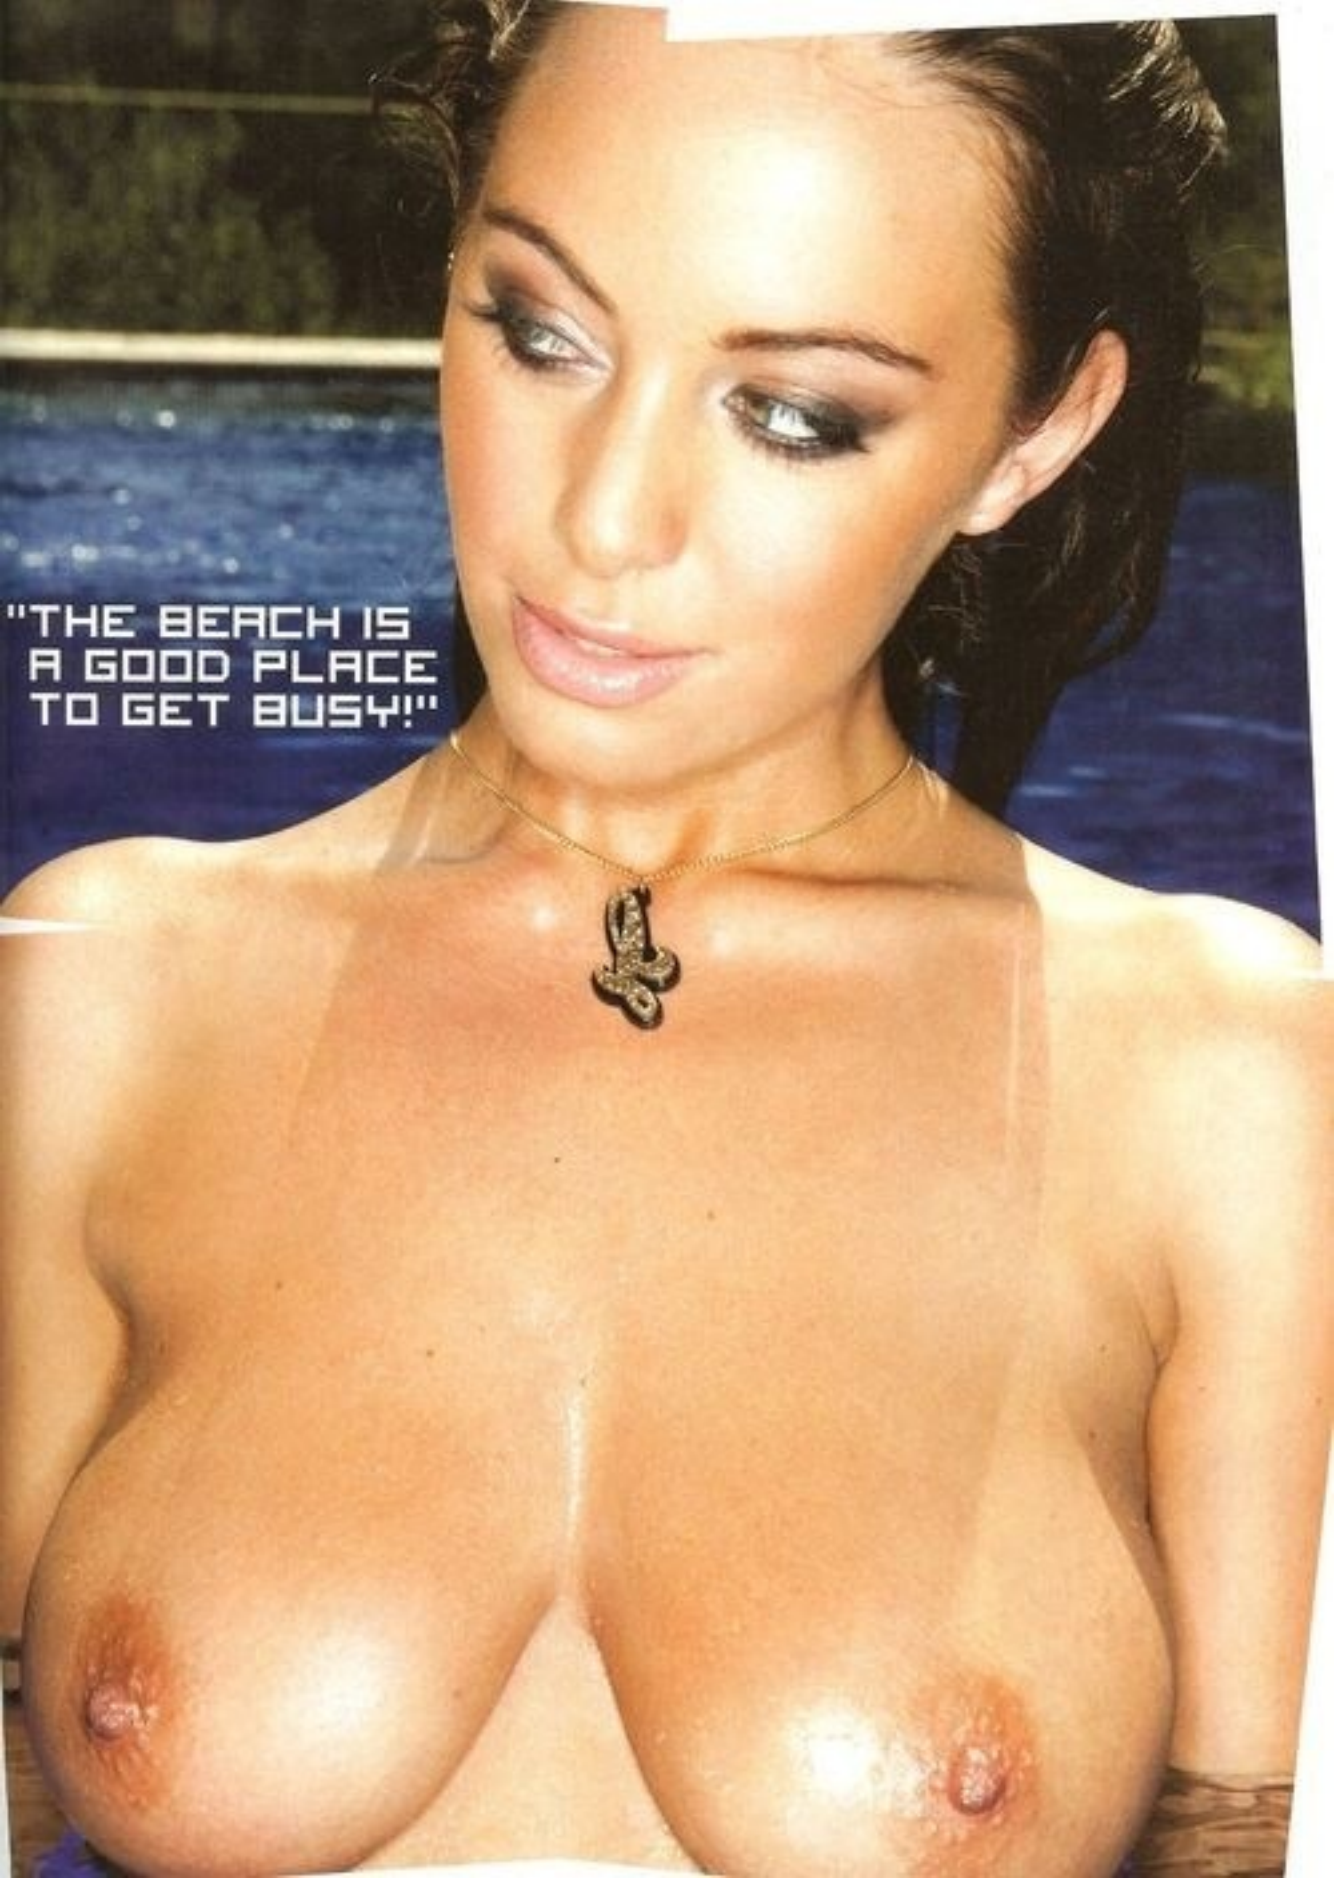

Last time we saw you, you were in posh lingerie – this time, you're in a bikini.

Which do you prefer? I actually prefer it when I'm a bit more covered up, like I was in that lingerie shoot. It's strange but I think it's even sexier when my boobs are covered up. It leaves more to the imagination!

Is sex on holiday better than sex at home? Oh yes, definitely. The sun makes it happen! I can't tell you any strange places I've done it though. I'm a very good girl. I'm an angel with a halo over my head! Ha-ha!

Thanks, Lindsey! Finally, tell us an embarrassing holiday story – everyone has one! In America, I went down one of those stupid water slides. I screamed the whole way down, and when I stood up at the bottom, my bikini had been pulled off! Everyone was looking at me, it was mortifying. I've got a fear of them now. ➡

"THE BEACH IS
A GOOD PLACE

RHIAN

SUGDEN

H | Rhian! What are you looking forward to most while you're away? Just spending

time with the girls and getting a tan. It's always fun doing these shoots!

Do you sunbathe topless?

Yes. If I didn't sunbathe topless, I'd get a patchwork quilt uniform, which wouldn't be good, would it?

Probably not. Would you ever go topless on a British beach? No, I'd probably get mugged. And the weather's not warm enough! Sorry.

If you were stuck on a desert island, what three things would you bring with you? My phone,

Johnny Depp in his *Pirates Of The Caribbean* outfit, and a pair of Uggs boots – I always have cold feet!

What tips can you give blokes to pull on holiday?

It's not all about looks. If you've got a good sense of humour and you're not in a drunken state, you'll be OK. Just be yourself!

What's better – sex on a Lilo or on a sun lounger?

A sun lounger. A Lilo would be quite difficult!

Have you ever got up to funny business on the beach? I can't say I have, no. When I go abroad, it's just to have a good time, not necessarily to pull, like most blokes. I think the sun makes guys horny!

Doesn't it have that effect on you? I prefer the sun but it doesn't have to be hot to make me horny! Ha-ha!

Fair enough! Thanks, Rhian! Finally, if you were going to get any of the girls to apply your suntan lotion for you, who would it be? Danni – because she's blonde and she's lots of fun, like me. And she's good with her hands! Ha-ha! ➔

"IT DOESN'T HAVE TO BE HOT TO MAKE ME HORNY!"

AMY

GREEN

Hi Amy! This is a ridiculously sexy shoot, isn't it? It is! I think it's quite sexy because the girls like to flirt and mess around and things. It's loads of fun! **Have you been going out partying after a hard day's shooting?** Not yet, but I think we're allowed to. Last time I went out with some of the girls, we got free drinks all night and didn't get back until five in the morning. With a kebab! **A fine choice. What's your ultimate post-night-out meal?** Pizza! Domino's meat feast to be precise - I like a bit of meat going on! **What'd be your dream holiday?** Probably three weeks in the Maldives. I'd like to stay in a hut over the water where you can see the fishes beneath you. They're really romantic. **Who has the best boobs out of everyone here?** Danni. They're nice and pert. A normal size and they're just nice. I could look at them all day! **How would you rate your bikini body out of ten?** 7.5! **You're mad! What've you lost points on?** I've just come back from Gran Canaria and I feel like I ate too much when I was there. But it's a holiday, isn't it? **You've got to let go!** **We still think you're a ten!** **What can you not go on holiday without?** Aloe vera, bikini and cowboy hat! Those three things are all I need to have a good time! **Thanks, Amy! Finally, do you prefer foreign blokes or British lads?** British! I like the way they look after themselves and a lot of British lads are really keen on sports, keeping fit and stuff. I love that!

EMMA

FRANK

Hi Emmal Where's the best place in the world for a holiday? Marbella

– it's my number one at the moment. Me and Lindsey Strutt just went there on holiday, sunbathing all day and partying at night. Did you sunbathe totally starkers? No, just topless. I'd never go fully naked, I think it's best to keep some bits to the imagination!

Fair enough! Does the sun make you hornier? Yeah!

When the sun hits your skin, it feels really nice and it makes everyone happy.

Which of these girls has the best bikini body?

Danni has a lovely body – she's really petite and slim but she's still got great boobs. She's amazing!

If you had to pick one girl to rub suntan lotion on you, who would it be? Kelly Andrews – she's got nice, soft hands. I bought some oil to go away with, so she can rub that on me as well!

Have you ever been caught out by a wave trying to pull your top off? Yeah, loads! I was sitting in the water on the beach in the Dominican Republic and a massive wave came. Not much was kept in when I stood up, let's put it that way!

When you're away, what do you drink? Amaretto and Coke. I love it! It's like eating one of them cakes...

A Battenburg? Yeah! Oh God, it's amazing, and I've got such a sweet tooth, too. I could drink them all night.

Thanks, Emma! Finally, have you ever got sunburn in a strange place? Me and Strutter got sunburned on our bums! We just forgot to put lotion there. We both had red bums and couldn't sit down for two days! ➔

"DANNI'S GOT A LOVELY BODY!"

DANNI

WELLS

Hi Danni! Who's got the sexiest bikini body here? Rhian, definitely. She's got such long legs, they go on for miles! And she's packed into an amazing body! What's your favourite ever holiday destination? I like Portugal. The food and the beaches are really nice. It's got quite an English vibe and the weather seems to always be nice – then again, I always go in summer! Have you got any other holidays lined up this year? I've just come back from holiday so other than going abroad for work, no. I might get a last minute thing – probably to Portugal! What three holiday essentials can you not go without? Mobile phone, bikini and iPod speakers – you've got to have music abroad, haven't you? And if I didn't take a bikini with me, I wouldn't get a tan! What annoys you most about blokes on holiday? They don't like to sunbathe. They get bored really easily and it's annoying. It annoys me something rotten! How would you make a bloke stay with you? I'd wear the nicest bikini I could find, so he didn't want to go anywhere. Does the sun make you friskier? Yes, definitely – everyone's generally a lot happier when the sun's out! Which girl from the shoot would you want to swap boobs with? Emma Frain, because they're massive! I haven't had a squeeze yet, but I'm working on it! Thanks, Danni! Finally, which is more dangerous – sex on a sun lounger or a Lilo? A Lilo – you could get carried away and drown. That'd ruin the moment!

"I WANT A SQUEEZE OF EMMA'S BOOBS!"

ANDREWS

no one really wears clothes over there! It's cool, there are loads of topless women running down the beach and you just wouldn't get that in England, would you?

So did you join in the toplessness? Yeah, I did! Weirdest, some people were quite offended. Topless girls running around is fine but apparently sitting there sunbathing nude isn't the done thing over there! **What's the weirdest thing you've done on holiday?**

I went to Tenerife with a friend and there was a massive storm. Our hotel was on top of a big hill and it was chucking it down with tropical rain. For some reason, we thought it'd be a good idea to slide down the hill on our bums. Everyone else was hiding inside but we were having great fun! **Where's the best place to get jiggy – the beach, the pool or the sea?** The pool. The beach is too sandy and in the sea, I'd be scared of the fish! I've attempted it on a beach before but the sand put me off a bit. It's not like I'm trying it all the time!

Does the sun get you all excited? Yeah! The prime example is that you take your clothes off because it's hot, so it's nice to have a bit of sex and a shower to help you cool down.

Thanks, Kelly! Finally, have you ever been sunburned? Sunglasses marks are the worst! I fell asleep in the sun once and had a massive mark on my face. It was very noticeable! I've never burned my bits but I burned my bum once and it hurt to sit down for a week! ■

to sit down for a week! ■
